the Ordnance Department are intended for their own use in the service, and not for sale, FURTHER fighting is expected in Afghanistan. The people are like some of our philanthropists in Memphis—they believe in disposed of in a manner contrary to the pur-

Notice to Bondholders. Large numb-rs of letters have been re-ceived at the office of the United States Treasury containing applications for the August quarterly interest on 5 per cent registered bonds, which have not been continued under the terms of the 104th call which was issued July 1st. Notice was given that the 5 per cent registered bonds issued under acts of July 14 and January 20, 1871, outstand-ing and unsettled, would be paid at the Uni-ted States Treasury October 1st, with interest accrued thereon from May 1, 1881, and that interest on said bands would cease October forty-five years. A thermometer thoroughly lst. The circular also provided that holders shielded from both radiated and reflected of such bonds might present them for redemption at any time prior to October 1st, receiving accrued interest from May 1st to date of presentation. In consequence of this call the August interest is waived by the department and the bonds with accrued interest will be raid at any time they are est will be paid at any time they are pre-sented for redemption.

Minister Foster writes to the Department of State, under date of July 18, 1881, that for some time been in very bad health, and despair of recovery is supposed to have led the Russian wheat crop is likely to be one of the largest ever raised in the Empire, and that the export promises to be much greater than usual. It is stated that in the districts tributary to the port of Odessa the yield is likely to be so large that the farmers think they could dispense with harvests for four years to come. Advices from Taganrog and Caucasus show promises of a grop sould they could dispense with harvests for four jears or come. Advices from Taganrog and cancasus show promises of a crop equal to that of 1874, one of the largest ever known in Russia, and advices from Moscow affirm to prepare for the one that is approaching.

Lendon dispense with harvests for four years of a crop equal to that of 1874, one of the largest ever known in Russia, and advices from Moscow affirm to prepare for the one that is approaching.

Lendon dispense with harvests for four years of a crop equal to that of 1874, one of the largest ever known in Russia, and advices from Moscow affirm the proposed to take charge of it, as the President had been a patient of his for years. This was so abrout that Dr. Bliss was indignant and called Baxter a lobbyist, sais, while not so enormous, will yield a splendid crop of excellent quality. In the Southern provinces the grain is already cut. will be introduced altering the Parliament harvest. It will not be without practical po-

Signal Service Sounbble The independent character of the Signal disquietude to General Sherman and the of agriculturists have been attended to. In England, Scotland and Wales the farmers expect to have the benefit of a land reform Signal Corps. The spirit and intention of the as well as their neighbors, and they have act was that the appointment should be made from the enlisted men of the corps, with a army, which are now made to execute the work of Signal Service. That was the point kince last November.

I am, very respectfully, your obedient parties. I am, very respectfully, your obedient parties.

As soon as the President gets out of danger Dr. Blies intends to publish a correct statement of the controversy that was made by Dr. Baxter just after the President was shot as to Baxter's right to take charge of

shot as to Baxter's right to take charge of the case. The statement of Dr. Bliss will be in substance that, in the first place, he was called to the President at the depot by a member of the Cabinet (Secretary Lincoln). He took charge of the case, and the next morning (Sunday) after the President was shot he called the President's attention to the pecesity of some system about the trees. the necessity of some system about the treatment of the case. The President had reacted from the shock, and was capable of exercising his judgment. He told Bliss that he wanted him to take entire charge and control of the case; that he felt complete confidence in him and would are the complete confidence in him and would are the case of the two who have, in the past few days, been committing so many highway robberies in the vicinity of Oakley and Madison-wille, north of this city. His companion escaped. A watch found on him was identified as the one stolen Friday night from Frank Henderson, a son of John Henderson. charge and control of the case; that he telt complete confidence in him and would sur-render everything to him. Bliss asked him who he wanted associated in the case and the President replied that he would leave that entirely with Bliss. Soen after Bliss saw Mrs. Garfield and she ratified all that the President had said, and requested Bliss to take charge of the case. The President recognized the necessity of reducing the number of surgeons, and he specially requested Bliss to select those whom he wanted as as-

Bliss, whom he could trust at all times. Bliss says that he intended also to select

Bliss says that he intended also to select Wales, the Surgeon-General of the navy, as a representative of the navy, and on Sunday morning, July 3d, did invite Wales in to see the President; that Wales, without asking permission, opened the President's clothes and inserted his fingers in the wound; that this was a gross violation of professional etiquette, and he made up his mind that Wales's friends appealed to the Secretary of the Navy and to Mrs. Garfield, but he Riss would not let him in the case.

as that was no place for a diffi-culty. There is no question culty. There is no question but that the President and Mrs. Garfield requested Dr. Bliss to take charge of the case and to select his staff. He says he selected Agnew and Hamilton because he knew of their experience during and since name any surgeon they wanted, Dr. Bliss was given entire charge of the case.

Notwithstanding the surgical operation erformed upon the President yesterday, his dition to-day was by no means unfavora last night that during to day he looked for that nothing was concealed from the public, and that the bulletins represented the actual the facts. About 2 o'clock this afternooi the President fell into a sound sleep which seemed peaceful. He made no complaints during the day, and bears his infliction with true heroism. Dr. Reyburn said this afternoon: "The wound is now discharging through the new incision without the use of a drainage tube. The pus seems to come up open. Indeed, the condition is now so favor-able that Dr. Agnew, the consulting physi-cian, thinks he will get home this afternoon."

be expected under the circumstances. The that the new operation made age tube is considered by the physicians as good evidence that there will be no further use for the knife. The unfavorable symp Associated Press agent had a talk with Dr. Bliss about the President. He said that the President was then sleeping, and that the extent of secreting surface. There is not much secreted, and all the pus there ito by the fever produced by the cutting, and the irritation yet existing from of the parts at the opening of the incision Government of the United States in case his extradition should be requested by Russia. I received by the same mail a letter from an eminent citizen of Pennsylvania, requesting that this Government should make that this Government should make off a good deal, I think o surrender of he has lost all the fat he will lose. Everything now points to his recovery. We do not feel apprehensive about him. By to-

cision will subside and the fever will recede. cision will sub-ide and the fever will recede. Dr. Agnew, when he left to-day, felt that the of the Government in a hypothetical case involving grave legal principles and important personal rights. You might, with equal propriety, address a communication to the Chief-Justice of the United States, inter-

For Protecting One of His Scholars

LITTLE ROCK, August 9.—News of a cow-ardly assassination in Yell county reached here to-day. Last Friday a worthless fellow named Burgess, in riding past the school-house near the village of Chikelat, made an insulting remark to one of the girl scholars. insulting remark to one of the girl scholars. She gave him a saucy reply, when he began abusing her. Mr. Sturdevant, the teacher, ran to the child's assistance and made the ruffian desist. He rode off, and nothing was thought about the affair. Saturday night the local debating club of Chikelat met, and both Burgess and Sturdevant were present. After addressing the club Sturdevant stepped to the well to get some water, when a voice asked his name. Sturdevant replied, when the report of a shot was heard and Sturdevant dropped to the ground dead, shot through the heart. Burgess jumped on his horse and escaped. The citizens turned out en masse in pursuit of the assassin, but he has so far eluded his pursuers.

GERMANY.

After a while Orville got tired of asking for what he could not get and tried to get the BERLIN, August 9.—Anti-Jewish disturbances have occurred at Jastrow, West Prussia, during which a rabbi was wounded, his assarlants escaping after a regular fight with the police. Further disturbances of the same character have occurred at Bublitz, Pemerania.

After a while Orville got tired of asking for what he could not get, and tried to get the Ex-President interested in all manner of imaginary schemes. One day he would have a mine which he could buy for \$4000, and which, when well worked, would certainly bring in \$40,000 a year. The next day he would want Mr. Haves

which, when well worked, would certainly bring in \$40,000 a year. The next day he would want Mr. Hayes to go into grain speculation with him, assuring him that if he would only furnish a little capital big fortunes were waiting for both of them. Then he had all manner of inventions and patents that were certain to make any man's lortune if he could only get them started, and would ask the President to have the inventions, which he owned exclusively, he said, introduced somewhere under the Government, so as to give them a start. He was perfectly contented in having Hayes listen to him, and never once grumbled because he did not get any influence. He held long conversations considerable step toward a reconciliation be-tween Germany and the Vatican. any influence. He held long conversation with Hayes and Evarts about his brother end of June sixteen towns and villages were burned, and since then fresh fires have occurred. Two of the most terrible were at Kerez and Minsk. From ten to twenty houses was in the very hight of the Grant boom.

The great consideration paid Orville by General Hayes and the members of his Cabinet perhaps needs no explanation. In the meanwhile Orville lived around at different boardinghouses, changing his place of habitation about once every two weeks. He never beat his landlady, however. He would get money from somebody and received a regular remittance from his brother. Whenever he made a raise of any account is showed it a very and went straight to Was won by the former—61 to 54.

Heavy Purses to be Hung Up.

FORT SMITH, August 9.—Sawquaxee, a full-blood Sac and Fox Indian, was committed in the United States Court to-day for the murder of an unknown white man in that country in 1879. The jury were out only an hour. It appeared from the evidence that the white man had been employed by Sawquare to make some rails for him, and purses will be hung up.

Was won by the former—61 to 54.

Heavy Purses to be Hung Up.

St. Louis, August 9.—A project is on foot to hold a National steeple-chase and hurdisporter of the present state of things. His appointment of Bartholemy St. Hilaire as Foreign Minister is especially reproached. This article is regarded as a distinct declaration of war on the part of Gambetta against the Government. Premier Ferry, who is described as an enemy of liberty and a supporter of the present state of things. His appointment of Bartholemy St. Hilaire as Foreign Minister is especially reproached. This article is regarded as a distinct declaration of war on the part of Gambetta against the Government. Premier Ferry, who is described as an enemy of liberty and a supporter of the present state of things. His appointment of Bartholemy St. Hilaire as Foreign Minister is especially reproached. This article is regarded as a distinct declaration of war on the part of Gambetta against the Government. Premier Ferry, speaking at a banquet in his honor at Roan Lethe, Department of Vosgnes, said that the elections would result in the return of moderate men, would result in the return of moderate men, send in the vidence from the evidence that the whole man in that country as were on the professor of the present state of things. His appointment of Bartholemy St. Hilaire as Foreign Minister is especially reproached. This article is regarded as a distinct declaration of war on the part of Gambetta against the Government.
